SUMMARY

I'm dedicated to staying up-to-date with the latest trends and best practices in web development, ensuring that the solutions I create are not only functional but also maintainable and scalable. Whether you're looking for a developer to enhance your existing project or start from scratch, I'm excited to collaborate and bring your ideas to life. A passionate React developer with a strong foundation in building dynamic and responsive web applications

PROJECTS

Weather App

04/2023 - 05/2023

HTML, CSS, JavaScript, RapidAPI

Introducing WeatherApp: Your Instant Weather Check.

Built a weather app to retrieve real-time weather updates and forecasts using RapidAPI.

Developed a sleek and responsive user interface for effortless weather exploration.

Client's Portfolio

01/2024 - 02/2024

HTML, CSS, JavaScript

Developed a dynamic and visually appealing portfolio website for a client.

Showcased the client's work, skills, and accomplishments in a user-friendly manner.

Vachijewels

03/2024 - Present

Next.js

A Next.js-powered e-commerce platform for jewelry.

Ensured fast performance and a smooth user experience through seamless frontend-backend integration.

Built with a modern tech stack for scalability, flexibility, and efficient data management.

Simplified development and enhanced user engagement with Next.js.

Ready to deploy, customizable, and secure platform.
